

NURSING BOARD[655]

Adopted and Filed

Pursuant to the authority of Iowa Code sections 17A.3 and 147.76, the Board of Nursing hereby amends Chapter 16, “Nurse Licensure Compact,” Iowa Administrative Code.

These amendments identify additional documents to be used to support declaration of residency. In addition, the amendments provide for issuance of a multistate license for a nurse working on a visa and provide for license limitations for a disciplined licensee.

These amendments were published in the Iowa Administrative Bulletin on January 14, 2009, as **ARC 7487B**. These amendments are identical to those published under Notice.

These amendments will become effective April 29, 2009.

These amendments are intended to implement Iowa Code chapter 152E.

If the foreign country is declared the primary state of residence, a single-state license will be issued by the party state.

16.2(4) A license issued by a party state is valid for practice in all other party states unless clearly designated as valid only in the state that issued the license.

16.2(5) When a party state issues a license authorizing practice only in that state and not authorizing practice in other party states (i.e., a single-state license), the license shall be clearly marked with words indicating that it is valid only in the state of issuance.

This requirement may allow the licensee to practice in other party states with prior written authorization from both the home state and party state boards.

16.3(2) An individual who held a license that was surrendered, revoked, or suspended or who submitted an application that was denied for cause in a prior state of primary residence may be issued a single-state license in a new primary state of residence until such time as the individual would be eligible for an unrestricted license by the prior state(s) of adverse action.
